

## PRODUCT INFORMATION SHEET

# Ultimate Pro Legal Solution Package

© 2006 All Rights Reserved – HTH Engineering, Inc. Tarpon Springs, FL 34688 TEL: (727) 939-8853 <http://htengineering.com/legal/>

### Includes everything you need!

- DS-4000 Professional Digital Dictation voice
- Start Stop Universal Transcription System with 3 pedal USB foot controller
- Spectra PC USB Headset
- TDI-5 Telephone Recording Adapter
- 1 year warranty and Unlimited toll-free Tech Support

DS-4000 is the ultimate Slide switch just like your old micro cassette tape recorder, with instant tactile feedback that you're in record or not, without even having to look at the recorder. Simple controls, but extremely powerful. Always stays charged with the included rechargeable battery pack! Connect to any PC's USB port to retrieve and attach the dictations as email and send them to your secretary.

Add our **Start Stop Universal Transcription System**, **Spectra USB Headset**, and **TDI-5 Telephone Recording Adapter** and this package will be your complete solution. Start Stop will allow your transcriptionist to easily playback your dictation files under foot pedal control, while they types in their favorite word processor. A built-in Job Manager will allow them to keep track of all the dictations and mark them as done when they are complete. Once they're finished, they simply email the files right back to you, and that's it!

The Spectra PC USB is the ultimate headset allowing for unbelievable sound quality for your transcriptionist. The headset utilizes your USB port and is connected directly into the PC's sound card, resulting in heightened sound quality.

To complete the package is our TDI-5 Telephone Recording Adapter, which allows you to record *both* sides of your conversation with equal clarity. Connects from either your wall jack or inserted between the handset and base of the telephone!
